| Purpose for presenting report | <p>This plan sets out our shared ambition for the transformation of health and care services in Bedford Borough, focusing on the local opportunities and challenges that require a partnership approach. 2019/20 will be the foundation year for the plan and SMART actions will be agreed for year 1, alongside medium term objectives for years 2 to 5. This plan is intended to be a living document and the longer term ambitions will be clarified as we engage with our partners and our communities. The Bedford Borough Health and Care Transformation Officer Group is responsible for delivery of the plan.</p> <p>A separate plan is also in development for Central Bedfordshire.</p> <p>These plans are the local contribution to the long term plan for the Bedfordshire Luton & Milton Keynes Integrated Care System (BLMK ICS). The plans formalise the objectives of our transitional 2018/19 place-based plans, reflecting our local ambitions as well as the priorities of the <u>NHS Long Term plan</u></p> | | |

| Executive Summary | <p>This plan sets out our shared ambition for the transformation of health and care services in Bedford Borough, focusing on the local opportunities and challenges that require a partnership approach. 2019/20 will be the foundation year for the plan and SMART actions will be agreed for year 1, alongside medium term objectives for years 2 to 5. This plan is intended to be a living document and the longer term ambitions will be clarified as we engage with our partners and our communities. The Bedford Borough Health and Care Transformation Officer Group is responsible for delivery of the plan.</p> <p>This is the local contribution to the long term plan for the Bedfordshire Luton & Milton Keynes Integrated Care System (BLMK ICS). This plan formalises the objectives of our transitional 2018/19 place-based plan, reflecting our local ambitions as well as the priorities of the <u>NHS Long Term plan</u>.</p> <p>We understand that health and wellbeing are determined by more than just the quality and accessibility of healthcare services, and through this plan and our Joint Health and Wellbeing Strategy we will promote healthy behaviours and address wider determinants of health, such as education, housing, transport and employment.</p> <p>People of all ages and backgrounds have a right to good health and wellbeing. We will take a whole life course approach, with equal emphasis on improving physical and mental health, and a focus on reducing health inequalities. There are a number of local partnership groups and plans in place with related objectives (see Appendix 1). This plan does not replace or replicate those plans. Instead it draws out those issues that require a strategic partnership approach; identifies key actions being delivered elsewhere in the system for monitoring; and highlights those issues that the Bedford Borough partners agree can be more effectively addressed through a BLMK ICS-wide approach.</p> | | |
